

Congressman Jerry Carl is a native of Mobile, Alabama, and currently represents Alabama's First Congressional District in the U.S. House of Representatives. Jerry was sworn in on January 3rd, 2021.

Jerry has been married to Tina, also a native of Mobile, since. Together, they have two children and two grandchildren. Jerry was raised by a single mother, so he learned the values of hard work and perseverance at an early age. This work ethic is what led him to start his first of many businesses at the age of 25.

Before his time in Congress, Jerry created and grew dozens of small businesses primarily dealing with home health care equipment and specialty pharmacies. He also has experience with timber management and real estate development. Until his son joined the Marines, Jerry never had any ambition of getting involved in politics. When his son returned from Afghanistan, Jerry decided it was time to do more for his community.
